

ORDERING INFORMATION

Enclosure Finishes

The AP-550 reader has a die-cast aluminum enclosure which is available in a variety of finishes. Use the table below to specify the desired finish. When ordering, add the finish number, preceded with a dash, immediately following the part number.

Mounting Hardware

Mounting hardware for the AP-550 is also ordered as an extension of the base part number. Add -B (for box), or -N (for none), after the finish number.

Note: The AP-550 can be mounted directly to a single-gang box. No additional mounting plate is required.

Extended Wear Read Head

The extended wear read head is also ordered as an extension of the base part number. Add -X for the extended wear read head, or -S for the standard (1 million pass) head, after the mounting hardware number.

Example: The complete part number of an AP-550 with a black powder coat finish, a surface mount box, and an extended wear read head is: 400-160-0-B-X.

Model Number	Part Number	Description
AP-550	400-160	34-door reader/controller
ABX-1	400-640	Surface mounting box
ARH-10	400-500	Extended wear read head (4 million passes)
ADA-10	400-400	Digital receiver module
ATM-30	470-031	Alarm zone terminator
ATM-48	470-030	RS-485 terminator (2 required)

Finish Number	Card Reader Enclosure Finish	Outdoor Use	Added Cost
0	Black Powder Coat	Yes	No
1	Beige Powder Coat	Yes	No
2	Gray Powder Coat	Yes	No
3	Line Grain/Clear Coat	No	Yes
4	Chrome Plate	No	Yes
5	Antique Brass Plate	No	Yes
6	Brass Plate	No	Yes

SPECIFICATIONS

Dimensions:	5.6"L x 4.98"W x 1.5"H (14.2 x 12.6 x 3.8 cm)
Weight:	0.4 lb. (0.18 kg)
Operating Temperature Range:	-40 to +85° C (-40 to +185° F)
Humidity Range:	0 to 95%, non-condensing
Power Requirements:	+6 to +24 Vdc @ 200 mA
